## WORKING ON THE NEW TRACKS OF LOCAL RAILWAY

The J. P. O'Neill Construction company yesterday had a large force of men and teams concreting the roadbed of the Ogden Rapid Transit at the intersection of Twenty-fifth street and Washington avenue and good progress was made. The work was resumed this morning and before the day is over most of the work will be completed.

Track layers will be placed on the intersection of Twenty-fourth and Washington within the next few days and the work there will be prosecuted as rapidly as possible. A force of track men will also be put to work on the Twenty-fourth street loop with a view to having the track ready for use not later than April 15. It is expected that the new steel intersections will be in service at that time.

## TRACK GANG HALTED BY COMMISSIONER FLYGARE

The Rio Grande officials had a large force of trackmen employed in the construction of a spur track to the can company's site on Lincoln avenue and Twentieth street yesterday morning, when the work was ordered stopped by City Commissioner Flygare because the railroad company had not obtained a franchise to cross the street at that point.

It is understood that the differences will be adjusted today and the track completed some time this week.

Plans for the big can factory are nearing completion and bids from local contractors soon will be invited.

## A MACHINIST DROPS DEAD ON HIS WAY TO WORK

Thomas Jorgensen, a well known resident of Ogdent, dropped dead at 6:45 a. m. today from a stroke of apoplexy. He had been an employee of the Southern Pacific company for a number of years, working in the local machine shops. He had not been at his work for the past week on account of ill health, but was on his way to the shops to report for duty when death overtook him. His wife died about three years ago. Mr. Jorgensen was born in Denmark 63 years ago and came to Utah as a convert to the Mormon church in the early eighties. He had been a resident of Ogdent for the past 20 years and at the time of his death was a member of the Third ward. He is survived by the following children: Axel Jorgensen of Seattle, Wash.; Mrs. William Harris, Mrs. Ellis Van Dyke, and Arnold and Kai Jorgensen of Ogdent. The body was taken to the Larkin mortuary where it will be kept pending funeral arrangements.

## KNIGHTS OF PYTHIAS TO TAKE A SPECIAL TRAIN TO ZION

This year is the fiftieth anniversary of the order of Knights of Pythias and special classes of candidates in every state of the union are being formed and initiated into the order. The local lodge, Ogden Lodge No. 2 Knights of Pythias, has a class of about forty candidates that will take the rank of Page in Salt Lake City next Wednesday evening.

More than a hundred local Knights and candidates will go down on a special train, leaving here at 6:20 p. m., and returning about midnight that night.

The lodges of Salt Lake and the lodges at Garfield, Murray, Midvale, and Sandy, together with the Ogden lodge, will have a class of more than 100.

The initiatory services will be held in Immanuel Baptist church as no lodge room in Salt Lake could be found which would accommodate the 750 Knights who will be present.

Two of the officers of the Supreme Lodge Knights of Pythias, Brigham S. Young of Ohio and Fred E. Wheaton of Minnesota, will be present to assist in the initiation of the big class.

Ogden Lodge No. 2 will meet in the

main lodge room of their new building this evening. As this is the first meeting in the new quarters, considerable interest is being manifested and notices have been sent to all local Knights to be present.

The building is nearing completion and will be dedicated on May 19. On this date the Grand Lodge, Knights of Pythias of Utah will hold its annual convention in this city, and at this juncture there will be several hundred Knights representing the various lodges of the intermountain states.

## STUDENTS HEAR THE STORY OF A UTAH TRAGEDY

Professor LeRoy E. Cowles, principal of Carbon county high school, was induced by Professor Henderson to extend his visit to the city long enough to meet and greet the teachers and students of the Weber academy this morning as is generally known, Professor Cowles was for several years head of the English department of Weber, a fact evidently still fresh in the minds of the students, judging by the enthusiastic reception given him when he entered the hall.

Professor Cowles began by voicing the sentiments of both faculty and students in deploring the circumstances which call Professor Henderson from the principality next year, saying, "In all my experience, I have not met a man more admirably fitted to be at the head of a great school."

The professor then briefly sketched the nature of the work in which he is now engaged.

"Carbon county high school was built at a cost of \$100,000, and is admirably fitted with all modern improvements, including campus, gymnasium, and swimming pool. It has a faculty of ten teachers, all men and women of high moral character. It also has a definite mission to which it is bending every effort, for Price, the county seat, and indeed the whole county, is filled with the lawless element inseparable from great mining centers. In a city of 2000 population, there are thirteen saloons. That tells the story. And rarely does court sit in Price without one or more murder trials."

"Combating this force of evil, we have a band of noblest and bravest men and women in the state. These are the citizens who have led out in erecting the finest courthouse and the best equipped high school in Utah; and, with the fight carried on by the citizens, the high school, both faculty and students, is in full accord."

Professor Cowles then gave what he chose to call a message from Carbon county to this school. Two young men, friends from boyhood, began the downward course together several years ago, first by refusing to go to Sunday school and W. I. associations, next by joining the cigarette gang, which of course led immediately into the saloon. So-called "innocent" pool first engaged their time, then gambling with chips, lastly a bottle, a dingy room, and midnight gambling with cards, and one friend drew a pistol and shot the other dead.

Just before coming in on this trip, Professor Cowles had occasion to visit the county jail and saw there a venerable old woman whom he had often noticed in Sunday meetings. Today she was bowed with grief, and as her tears fell, she was peering through iron bars at a young man who had once been the pride of her life. The joy and hope of her declining years.

"I had to withdraw," said Professor Cowles, "as the scene was such as to make me weep with very pity."

## ARMY AND NAVY TO BUILD ROAD

**Bill Proposes Plan for Alaska Similar to Panama Canal Work.**

Washington, D. C., March 23.—Employment of officers and men of both the army and navy in the construction of the Alaskan railroad, or any other public work authorized by congress, was proposed in a bill introduced today by Representative Bailey (Democrat) of Pennsylvania. The bill further stipulates that "citizens shall not be employed in or on any such work until the military and naval establishments can no longer supply the officers and men necessary to carry it forward with reasonable expedition."

In explanation of his measure, Mr. Bailey said that all public works should be carried on by the army and navy. "If under the direction of Colonel Goethals a canal can be built at Panama, is there any reason to doubt that railroads can be built in Alaska and rivers and harbors improved here at home? It seems to me the army and navy would welcome an opportunity to climb down off the backs of the masses and enter upon a career of genuine self-support and resulting self-respect," he declared.

### GROUND BROKEN FOR THE GRANDSTAND

Buffalo, March 23.—Ground was broken today for the \$50,000 concrete grandstand to be erected at Federal park, the home grounds of the Buffalo Federal league baseball team.

It is estimated that about 4000 workmen are employed in the wood-working lines in factories in Minneapolis.

## KITTY KNIGHT SIGNS: A STAR CATCHER IS COMING

"Kitty" Knight has signed with the Ogden team. Word to that effect was received by A. P. Bigelow this morning in a letter written by Knight under an Oakland date. Knight says he is in excellent condition and that this should be his best year. Last season, after an operation for appendicitis, he won 17 games out of 27, which is a record to be proud of.

The locals have secured a catcher whose name is not disclosed at present, but who is a star behind the bat. He played in the big leagues until he decided to take a rest and was induced to agree to come to Ogden only after much persuasion. He is not only a catcher, but a heavy batter. He will arrive about April 1.

Knight will be here the end of the week.

Risbery is to play short. Several California teams have been after him. Mark Hall, a left-handed pitcher from the Portland, Oregon, team, of the Northwestern league, has been signed, according to an announcement made by Manager Gimlin today. Hall is a young giant, standing 6 feet 4 inches in his stocking feet and weighing between 180 and 190 pounds. He has been playing winter ball in California and is said to be in fine condition.

Ballinger, one of last year's pitchers, is expected to arrive in Ogden tomorrow to begin practice and the majority of the team will be here before the end of the week.

W. H. Meal has been given the position of ground keeper by the officials of the club and started this morning to break up the hard surface left by the winter snow and frosts. He expects to have the grounds in shape by Wednesday, when the players will be given their first real workout.

There is only one hole in the Ogden lineup at present and that is on second base. The player "Dad" Gimlin has been in view for that position may not be released by the club with which he was signed last season.

It now looks as though Ogden will begin the season with the fastest team ever seen in this part of the intermountain country.

## Society

**MIDDLETON-STONE.**  
For Miss Florence Middleton, quite one of the prettiest affairs of the past week was given Monday evening, March 16, at the home of her aunt, Mrs. P. Anderson on Twenty-eighth street. About fifty relatives and friends including those of Salt Lake City, Idaho and Brigham City were present.

Carols, music and games formed the entertainment after which refreshments were served, followed by pleasant social diversion.

Miss Middleton was married to Mr. Jay Stone in the Salt Lake Temple, Wednesday, and left immediately for Sparks, Nevada, their future home.

**LEAVE FOR COAST.**  
Miss Marie Wright, daughter of Mr. and Mrs. Hyrum S. Wright, left last Friday for Long Beach, Cal., with Senator St. Clair and family of Idaho.

**FROM SALT LAKE.**  
Mrs. Joseph E. Lindsay and baby daughter Ruth of Salt Lake are making an extended visit in this city with Mrs. Lindsay's mother, Mrs. Elizabeth S. Fife, 2122 Adams.

**DR. AND MRS. BRICK RETURN.**  
Dr. and Mrs. S. L. Brick returned to Ogden today after a three weeks' tour of California points of interest. San Diego, Los Angeles and San Francisco were among the places visited and both Dr. and Mrs. Brick report an enjoyable trip, excellent weather prevailing during their entire visit.

**UNION MAIDS WILL DANCE.**  
The local United Garment Workers' union has arranged to give a dancing party at the New Colonial tomorrow night. The committee is composed of Maud West, Bulah Grandall, Myron Richardson and Norman Boyle and in their plans have arranged a program of dances which will keep their guests occupied until 1 a. m. Wednesday. Among them will be the Three Step, Baltimore, Hesitation Waltz, Schottische and Tango for the dainty ones, and plenty of plenty of waltzes and two steps, for those who do not indulge in the enjoyment of the terpsichorean art to any great extent. The "Union Maids" will also serve refreshments and each guest will receive a souvenir program.

**FROM PALO ALTO.**  
Prof. and Mrs. Melton T. Crook of Palo Alto, California, passed through Ogden yesterday, en route to the eastern coast. Prof. Crook is a member of the faculty of Leland-Stanford university. Mrs. Crook was formerly Miss Maud Lanphore of Ogden and is a niece of W. O. Kind, with whom the couple passed a pleasant hour while in the city yesterday.

## EMPEROR PROROGUES JAPANESE DIET

Tokio, Japan, March 23.—The Japanese diet was prorogued today by the emperor owing to the inability of the House of Peers and the House of Representatives to agree on the appropriation for the navy.

The lower house had reduced the naval estimates by a considerable sum and the House of Peers afterward refused to agree to the bill. This was not agreed to by the members of the House of Representatives and a deadlock followed.

In political circles, it is generally believed that the cabinet will resign. The difference between the two houses of the Japanese parliament arose over the amount to be devoted to naval construction. The House of Representatives passed an appropriation

## HEARING FOR MEXICANS BEGUN

Pecos, Texas, March 23.—Judge Edward W. Meek of the United States district court for northern Texas, today opened the habeas corpus hearing here for the release of 5000 Mexican federal prisoners held at Fort Bliss, Texas, by the United States military.

The judge granted the writ last week at Dallas and set this place for the hearing today.

The contention of the prisoners is that the United States has no right to hold them under any international agreement or law. Under the Hague treaty, they assert, a country has a right to hold military men fleeing from another country if they are engaged in an international war, but they assert that where the troops are only engaged in an internecine strife to put down a rebellion at home there is no warrant for holding them.

## AMERICANS AND FEDERALS FIGHT

**Patrol of Fourteenth Cavalry Answers Fire of Mexicans Across Border.**

Eagle Pass, March 23.—American soldiers and Mexican federals engaged in a battle yesterday at McGee crossing, three miles above Del Rio, on the Rio Grande, in which several federal soldiers are reported killed. A patrol from E troop of the Fourteenth cavalry returned the fire of the Mexicans across the Rio Grande and for ten minutes the shooting continued. One of the Americans was injured.

The command pay of a lieutenant colonel of the British royal artillery and of the officer commanding a cavalry regiment or a battalion of infantry will be increased from 72 cents to \$1.20 a day.
